"Certified Payroll Reporting integrates seamlessly with our payroll system, saving our company hours of re-keying."

Safway Services

Certified Payroll Reporting is a core product of Points North. Points North's data integration solutions streamline the flow of information between HR, Payroll and Time and Labor systems, enabling thousands of companies throughout North America to streamline their data and work-flow processes.

Product Benefits

In addition to offering significant time and cost savings, Certified Payroll Reporting:

- Increases report accuracy
- Generates reports from weekly or bi-weekly payroll
- Eliminates duplicate entry*
- Offers fringe benefit reporting

"The time savings provided by Certified Payroll Reporting save us more than $12,000 per year. I would definitely recommend this reporting solution to my industry peers."

Western Enterprises

Certified Payroll Reporting is a core product of Points North. Points North's data integration solutions streamline the flow of information between HR, Payroll and Time and Labor systems, enabling thousands of companies throughout North America to streamline their data and work-flow processes.

How It Works

With just a few simple steps, Certified Payroll Reporting can reduce your reporting process from hours to minutes.

ONE-TIME SETUP

1. Enter your company information
2. Enter your project information
3. Set up your company's work classifications
4. Set up your fringe benefit rates at an employee, work class or project level

WEEKLY PROCESSING

1. Process your payroll
2. Enter or import your payroll data (including employee information, hours worked by day, job and work classification)*
3. Generate and print your reports with just a couple of clicks

* Functionality varies by edition: Basic, Deluxe and Premier *

Measure Your Savings

Contractors throughout the United States are experiencing measurable time and cost savings with Certified Payroll Reporting.

"Certified Payroll Reporting has made our weekly reporting process much easier. Thanks to this solution, we're saving more than 200 hours annually."
